

MOTORIZED WINDOW TREATMENTS

Welcome to the future of window treatments.

Motorized shades have changed dramatically in recent years. Rechargeable battery technology means most homes can add motorized shades without opening walls or running any electrical wiring.

Control, your way

Operate shades with a remote, smartphone, voice assistant, or compatible smart-home system.

Automated routines

Shades open and close on schedules that follow your daily routine.

A fabric for every room

Choose from light-filtering, privacy, and blackout fabrics.

Measured to fit

Professionally designed and measured specifically for your windows.

Invisible hardware

A clean, modern appearance with motors concealed inside the roller tube.

Whole-home integration

Integration options for Apple Home, Google Home, Amazon Alexa and other platforms, depending on the selected system.

THE STUDIO SHADE CO. PROMISE

- ✓ Local, family-owned company
- ✓ Complimentary in-home design consultation
- ✓ 20+ years of home-service, luxury-home and home-automation experience
- ✓ Licensed, bonded and insured

— THE DIFFERENCE

Why homeowners choose Studio Shade Co.

20+ years of home-service experience

Decades of experience serving homeowners and delivering quality work.

Luxury-home & smart-home expertise

Experience in luxury residential construction, home automation, and motorized shading solutions.

Premium products & technology

High-quality materials and leading motorization and smart-home technology, designed for performance and reliability.

IN-HOUSE, START TO FINISH

Our own install team

Studio Shade Co. has its own install team and controls the process from beginning to end, ensuring quality, accountability, and a seamless experience for you.

Local & family-owned

Personal service from a local company that stands behind every project.

Customer experience comes first

From your initial consultation through installation and support, our priority is making the entire experience simple, professional, and enjoyable.

Beautiful shades are only part of the experience. **Who you trust to design, measure, install, and support them matters just as much.**

SMART-HOME READY

Smart shades. Simple control.

MATTER OVER WI-FI + 433 MHZ BI-DIRECTIONAL

Effortlessly control your shades from anywhere using the apps and smart-home systems you love, from a single shade to whole-home scenes. Bi-directional radio confirms every command, so each shade lands exactly where you set it.

REMOTES

Control, your way.

Alongside app, voice, and automation control, every system pairs with elegant handheld remotes: simple, tactile control that always works.

Single-Channel Remote

ONE CHANNEL · TOTAL FOCUS

Simple, dedicated control for a single shade or one group of shades.

15-Channel Remote

WHOLE-HOME FROM ONE REMOTE

-  Freely adjustable channels
-  Percentage position control
-  Motor battery check

Smart Shades.
